

Accelerating the Development of Fusion Power

SOFE Town Hall Meeting
Monday June 27, 2011 7-9 pm
Room CC22BC, Hyatt Regency McCormick Place

There will be a SOFE Town Hall meeting to stimulate discussion on the topic of “Accelerating the Development of Fusion Power.”

Town Meeting Agenda:

7 pm Panel Discussion and Q&A

Introduction – Dale Meade

Breaking the Mold for a New Strategy – Ray Fonck

Perspective from China on Accelerating Fusion Development – Jiangan Li

Fusion... How do we do more, sooner? John Sethian

Insights from US ITER: Strategies for Accelerating Fusion Energy as a Project – Ned Sauthoff

Elements of a Faster Inertial Fusion Approach – Mike Dunne

8 pm Audience Comments and Continued Discussion

9 pm Wrap Up and Concluding Remarks

Refreshments (beer and popcorn) will be served. A web site has been setup to facilitate discussion and provide a record of the discussion. Attendees are encouraged to submit comments or papers on the topics related to “Accelerating the Development of Fusion Power” for posting on the web site at http://fire.pppl.gov/sofe_town_meet_2011.html. Send comments or papers for posting to dmeade@pppl.gov.
