May 25 thru June 3

MOSCOW, June 28 (Itar-Tass) -- An agreement on ITER construction will be signed in the end of this year, and the thermonuclear reactor will have been built by 2014, Dr. Raymond Orbach, the director of the Office of Science of the US Department of Energy told a news conference after the Moscow meeting on ITER construction. According to him, it will be clear in ten years whether an experimental thermonuclear power plant is built.
