If you would like to suggest a candidate or are yourself interested in serving, please contact any of these committee members by the end of November 2006.

UFA Officers for 2007-2008

President: Stephen Knowlton, Auburn University

Secretary/Treasurer: Michael Brown, Swarthmore College

Vice-President: George Tynan, UCSD

UFA Activity for 2007

Expect a new FESAC charge to develop a plan for the US fusion program over the next ten-years prior to ITER operation including identification of possible major new facilities.

The UFA will work to be involved in this planning process particularly with respect to the role played by universities.

UFA ‘white paper’ on the evolving role of universities in the US fusion program will be prepared – drafting committee appointed: Steve Knowlton (Chair), George Tynan, Bob Granetz, Arnold Kritz, David Meyerhoffer.
